

Parish Survey. For Collection Saturday 10th December.

Please make every effort to fill in this survey. This survey is conducted by the Parish Council. It is **anonymous**. Our aim is to gain facts and opinions from all Parishioners so that we can make better and more informed decisions.

The Playground. Central to matters before us at the moment, is the Playground. The playground is currently located at the end of Willow Corner, next to the Old Vicarage. However, the play equipment is now in need of renewal and refurbishment. The wooden equipment in particular has come to end of its life and is now dangerous. The metal tower/slide/fireman's pole could be moved to a new location. The Baker Arms option would involve the smallest expenditure. All other options would require substantial expenditure.

For some answers you need to tick **Yes** or **No**, or **Tick one box** and for others you need to **Rate the options, 5=best**, etc.

1. Before the Playground was closed this year, how often did you visit the Playground during the summer (tick one box), eg

6 Once a week 4 Once a month 6 Twice a year 39 Never 71%

2. How many children do you bring to the playground. Insert a number. 0 = 11 1 = 4
2/3 = 13 5 = 1

3. Locations. Write a number in each box. 5 =best/good, 1 =worst/bad
